

GET TESTED FOR COLON CANCER

- People aged 50–74 should test for colon cancer every 2 years
- The colon cancer screening test can be done at home
- When found early, 9 out of 10 cases of colon cancer can be cured

or talk to your doctor to request a test

GET TESTED FOR BREAST CANCER

- Mammograms can find cancer early when it's easier to treat
- Most women aged 50-74 should have a mammogram every 2 years
- Trans and non-binary people also may need regular mammograms
